

SAVE YOUR HAIR AND BEAUTIFY IT WITH "DANDRUFF"

SPEND 25 CENTS! DANDRUFF
DISAPPEARS AND HAIR
STOPS COMING OUT.

TRY THIS! HAIR GETS BEAUTI-
FUL, WAVY AND THICK
IN FEW MOMENTS.

If you care for heavy hair, that
glistens with beauty and is radiant
with life, has an incomparable softness
and is fluffy and lustrous, try Dand-
ruff.

Just one application doubles the
beauty of your hair, besides it imme-
diately dissolves every particle of
dandruff, you cannot have nice, heavy,
healthy hair if you have dandruff. This
destructive scurf robs the hair of its
life, its strength and its very life.
and it not only produces a
feverishness and itching of the scalp;
the hair roots flake, loosen and die;
then the hair falls out fast.

If your hair has been neglected and
is thin, faded, dry, scraggy or too
only, get a 25-cent bottle of Knowlton's
Dandruff at any drug store or toilet
counter; apply a little as directed and
ten minutes after you will say this was
the best investment you ever made.

No mindlessly believe, regardless of
everything else advertised, that if you
desire soft, lustrous, beautiful hair and
lots of it—no dandruff—no itching scalp
and no more falling hair—you must use
Knowlton's Dandruff. If eventually—
why not now?

BANKRUPTCY HEARING IN WATERFORD CASE

Before Referee Shields in Matter of
Robert W. Chesbro.

Before Thomas M. Shields, referee
in bankruptcy, there was a hearing
that began at 10 o'clock on Monday
morning in the matter of Robert W.
Chesbro, a farmer of Waterford, bank-
rupt. It consisted of an examination
of Thomas W. Gardner of Waterford
who it was alleged by the trustee,
Frank N. Gardner, had some of the
assets. The claim was that Thomas
Gardner had had certain property
turned over to him and that he had
paid about \$500 for property worth
about \$1,500. It consisted of farming
implements, hay and other crops.

Mr. Gardner claimed that he had
paid all that the property was worth.
After the hearing had proceeded some
ways, it was decided to let the mat-
ter rest until an appraisal has been
made as it was suggested that the fil-
ing of the appraisal might settle the
contention at issue.

Saybrook.—On their arrival at the
store Friday morning, the burglars
at Stokes & Kirkland found the doors
and windows had been tampered with
during the night by someone who failed
to make an entrance. The burglars
were probably scared away while at
work.

New-Way Wonder for Corns, "Gets-It"

The Big Surprise for Corn Owners.
It's Sure, Simple, Safe, Quick.

Listen to the new story of "Gets-It,"
the world's greatest corn remedy. It's
a short story—only about two feet—
"Mary had a little 'Gets-It' and corns
upon her toes; and every time she put

on "Gets-It" the corn was sure to go."
Mary, like thousands of others, used
to be a heroine, suffering martyrdom,
using painful bandages, irritating
salves, sticky tape, toe harnesses, blood
drawing razors and scissors. She says
now there's no sense in it. Use "Gets-It."
It's applied in a second. Easy, simple,
new way—just a moment's time. Mil-
lions are doing it. Never fails. You
don't have to limp around, use more or
walk on the side of your shoes to get
away from your corn. You know for
sure before you use "Gets-It" that the
corn or callous is going away. For
corns, callouses, warts and bunions,
"Gets-It" is the answer. It's a bottle,
50c a bottle, or sent direct by E. Law-
rence & Co., Chicago.

DON'T MISS IT!

Our stock of Feed is a great success.
Don't miss it by going elsewhere.
Every item of it is of the very best
quality and the stock is so varied
that you are sure to get what you want.

ADVERSE TO CANAL PROJECT U. S. Engineers Consider Cost of Norwich to Worcester Canal Out of Proportion to Prospective Benefits to Com- merce—Petitioners Are Informed That They May Take Appeal.

Mayor T. C. Murphy, President
Frank J. King of the Board of Trade,
President William H. Crutcher and
the Chamber of Commerce and about
40 other local men who were interested
in the petition and hearing regarding
the proposed survey for a canal from
Norwich to Worcester, received notice
on Monday from Major G. B. Pillsbury
of the United States district engineer
office in New London that the govern-
ment engineers' report on the survey
is unfavorable. The report is made
after a hearing on the matter that
was held in Worcester, and the prin-
cipal ground for the unfavorable re-
port is that the benefits to commerce
would not justify the great expense
that the work would mean.

The following is the notice that has
been sent:

It having come to the notice of the
undersigned that you have expressed
an interest in the pending proposition
for the improvement of Shetucket and
Quinebaug rivers, Connecticut, and
French river, Connecticut and Massa-
chusetts, with a view to securing slack
water navigation between Norwich,
Conn., and Worcester, Mass., and
hereby informed that the report there-
on, authorized by the act of congress
approved March 4, 1915, has been made
and is unfavorable to the improvement.
The principal grounds upon which the
adverse conclusions are based are that
the prospective benefits to commerce
do not justify the great cost of the work.

You are further notified that all in-
terested parties have the privilege of
an appeal from this conclusion to the
board of engineers for rivers and
harbors, a permanent body sitting at
Washington, D. C., to which all ex-
amination and survey reports of this
kind are referred.

BEST ESSAY WRITERS MAY WIN PRIZES

Offers Made to Boys and Girls of
Eastern Connecticut.

The Norwich Chamber of Commerce
through its Eastern Connecticut De-
velopment committee, has made the
following announcement regarding the
prize of \$250 in gold which it is of-
fering for the best essay on any local
subject of interest.

The subject may be on some one of
the manufactured products, the com-
mercial advantages and opportunities,
the important historical points of in-
terest, hunting and fishing in and
around Norwich, the educational sys-
tem, the best summer resort, or the
near the city have any attractions
to offer the person on a vaca-
tion trip? water power, developed and
undeveloped.

Any of the above subjects, written
into an essay of not over 1,000 words
and forwarded to J. E. Vaughn, 28
Shetucket street, the chairman of the
Norwich Eastern Connecticut Devel-
opment committee, will be marked by
three competent judges and the aver-
age of the three marks taken as the
final standing of the essay in the com-
petition.

Any boy or girl between the ages of
13 and 18 may write for this prize.
Another prize of \$5 in gold is of-
fered by the five chambers of com-
merce of eastern Connecticut, togeth-
er for the best essay on any subject
of county interest. Either New Lon-
don county or Windham county. Many
subjects could be mentioned. The in-
terest to these two counties about
which an essay of not over 1,500
words could be written. For instance
the story of Rock Hill, the story of
Wolf Den, Goats' Oven, The Lakes, the
summer homes, the cotton industry,
apple raising of Windham county, the
story of Hop Yard, the largest New
England boulder, the steel quarries on
the mountain, the beaches, the bed
quartz industry, the natural waterways
of New London county.

An essay to enter the contest for
the county prize must be sent to Ed-
ward Dotson of New London, and the
same age limit prevails.

A third prize is offered by the five
chambers of commerce of \$10 in gold
for the best essay on a subject which
would apply to the eastern part of
Connecticut and their possibilities
when joined and locked in a canal as
proposed by the Chamber of Waterways
committee. The trophy lines, the steam
road lines, the large markets for our
farmers, the natural scenery, the agri-
cultural college, the Worcester college,
the freight facilities, parks and others
that may come to your mind if you
but think eastern Connecticut thoughts
for a few moments.

When these thoughts and results of
investigation are presented in the form
of an essay of not over 1,000 words,
they should be forwarded to Edward
Dotson of New London, who will ac-
cept them if written by any boy or
girl between the ages of above, of 12
and 18.

The contest closes Dec. 1, 1915.
At a general meeting, to be held at
some central point, to be designated
later, all the prize winners will be
invited and presentation of the prizes
will be made.

Rochester, Conn. is one of the
most beautiful, healthful and in-
vigorating sections of New Eng-
land. Let's prove it to the rest of the
world.

Cosmetics Not Needed; Peel the Skin Instead

One reason mercurized wax is so
strongly recommended is that it really
takes the place of several different cos-
metics, saving time, patience and ex-
pense. It is better than any cleansing
cream, better than any make-up cream,
and better than any rouge, for accom-
plishing the results for which such ar-
ticles are used. It is a day cream,
absorbs an old, faded or discolored
make-up, gradually appearing a
clearer, softer, healthier-hued and more
youthful skin, with a certain exfolia-
tion. Spreading on a thin coat of
this wax at night, washing it off morn-
ing, in a week or so produces a mar-
velous transformation. Just one ounce
of mercurized wax, obtainable at any
drug store, will do the work. There's
nothing better to remove freckles, moth
patches, liver spots, sallowness, blotch-
es, pimples, or blackheads.

For wrinkles and loose, saggy skin,
a face made by dryness, use the
powdered azolette in 1/4 pt. which has
been the best thing that can be recom-
mended. This has remarkable astring-
ent and tonic properties.

character are referred. Parties de-
siring to do so may be heard on ap-
pel by the board, either orally or in
writing. Written communications
should be addressed to the Board of
Engineers for Rivers and Harbors,
Southern Building, Washington, D. C.,
and should be mailed in time to be in
the possession of the said board with-
in four weeks from the date of this
communication. If, however, you have
important data to communicate to the
board, which cannot be collected and
out in shape for proper presentation
within four weeks, the board should
be informed of this fact without delay
and request made for an extension of
the limiting date for submitting infor-
mation. If oral hearings are desired,
date for the same may be arranged
for by correspondence with the board.

Any further information needed may
be obtained by application to this office,
but attention is invited to the follow-
ing regulation as to the manner in
which such information may be fur-
nished:

Where interested parties desire data
necessary for the preparation of their
appeal to the board of engineers for
rivers and harbors, it will be given
them verbally by the district officer,
or, in his absence, by the senior assist-
ant engineer connected with the im-
provement. The data will not be per-
mitted to have access to the report without
authority from the chief of engineers.

You are requested to communicate
the foregoing to any persons known
by you to be interested in the im-
provement and who, not being known
to this office, do not receive a copy of
this communication.

Very respectfully,
G. B. PILLSBURY,
Major Corps of Engineers.

MOTION LIST BUSINESS BEFORE COMMON PLEAS

Judge Waller Disposed of Numerous
Matters—Assignments Made.

In the common pleas court here on
Monday afternoon Judge C. B. Waller
disposed of numerous matters, the
following matters were disposed of:

Judgment by stipulation was granted
in the case of Frank Craska vs. M.
B. Ring, Frank Craska vs. W. H.
Baker and Frank Craska vs. Owen
S. Smith.

Judgment by default was granted in
the case of Avery Bros. vs. Eliza Potter.

Leave to open default was granted in
the case of the Federal Farmers of
America vs. Joseph Goldberg and
others.

Two weeks for an answer were al-
lowed in the case of Charles D. Wolf
vs. Antonio De Vito, William Griswold
vs. B. A. Ambot, Jennie Ostman and
others vs. Fred Ostman, Sanderson
Fertilizer and Chemical Co. vs. George
A. Bullard and wife, and in Edward
Piontkowski vs. Anton Gromka and
others.

A bond of \$50 was ordered in the
case of William McKay alias William
Chapman vs. Joseph T. Cunningham
and a bond of \$50 in Mike Galgor vs.
Charles Cohen.

Leave to file answer was granted in
Bartha Rawlinson vs. Harry Lester
Lathrop.

There were a number of matters
that were continued at the request of
the attorneys interested.

The following assignments for trial
were made:

Nov. 27, George A. Sydeman vs.
Daniel P. Sullivan and others, J. B.
Gladius vs. George Thompson.

Nov. 29, Bertha Rawlinson vs. Harry
Lester Lathrop, Joseph Pothier vs.
C. W. Rawlinson.

Dec. 4, Mike Galgor vs. Charles
Cohen.

CHANGE IN NEW HAVEN'S INDUSTRIAL BUREAU

Charles A. Call Appointed to Succeed
W. H. Seely.

The New York, New Haven and
Hartford Railroad company, in the
person of Charles A. Call, at present general
passenger and freight agent of the
New York, Westchester and Boston
railroad, has announced that it has
succeeded W. H. Seely, who has resigned
to enter another line of business
in Brooklyn, N. Y.

Mr. Call entered the railroad circles in
1883, when he became connected with
the New York and New England rail-
way in its passenger department. In
1898 he became a general agent of
Boston, Mass., and in 1905 was ap-
pointed general agent of the passen-
ger department of the New York, New
Haven and Hartford Railroad company
with offices in New York city.

Mr. Call became general agent of the
New Haven at Boston in 1908,
in charge of the general office which
was at that time located on Washing-
ton street. He became general pas-
senger and freight agent of the New
York, Westchester and Boston rail-
road in 1913.

In the performance of his duties on
the New York, Westchester and Bos-
ton, as well as the New York, New
Haven and Hartford, Mr. Call has had
the position he is about to assume. He
has made the most of the opportuni-
ties on the New Haven road, and it
is due to his record with that com-
pany that he has been selected for his
new appointment.

FORESEES INABILITY TO HANDLE TRANSPORTATION

President Elliott Says New Haven
Road is Under Handicap.

President Howard Elliott of the New
York, New Haven & Hartford Rail-
road company, is authority for the
statement that the facilities of the
transportation in New England. He
says:

"Just now our chief problem is to
have facilities enough to do the busi-
ness of the country, and we are ap-
proaching a condition in the United States
which I have long anticipated, namely, that
there is not enough transportation to go
around and business will be checked
for that reason. I am very fearful of
the situation in New England because
the conditions for the last four or five
years have been such that it has been
practically impossible for the rail-
roads to go ahead with constructive work.
Now we are doing everything we
can to get equipment, sidetracks,
yards, etc., but the continued investi-
gations and the present trial are
practically impossible for the rail-
roads to go ahead with constructive work.
We want to deliver the right kind of
transportation to the people of New
England, and we want to have enough
of it for future needs. Our plan,
however, is not sufficient at the pres-
ent time to furnish the goods that
you want and that we want to give."

Middletown.—Postmaster Walsh has
extended the special delivery service
to the Connecticut hospital for the
insane at Station 5.

DISPLAY AND
Sale of Fine Furs
Wednesday, November 10th

One of the largest manufacturing firms in the country will have a repre-
sentative in our store

WEDNESDAY
with a large assortment of Furs and Fur Wraps. Original designs and
copies of the clever imported models are both featured, the quality and
workmanship being guaranteed by the prestige of this long established
house. You will be sure of getting the greatest possible value for the
money expended if you take advantage of this sale.

Wednesday, November 10th
A cordial invitation is extended to you to view this collection.

The Reid & Hughes Co.

LIEUT. LEAVENWORTH IN CHARGE OF SURVEY WORK.

Former Norwich Boy Making Geodetic
Maps of This Section.

According to a Meriden paper, it is
in order that Lieutenant J. Parke
Leavenworth of the Coast Artillery of
the U. S. army, a former Norwich boy,
who with two corporals and two pri-
vates, has been in Meriden since last
July gathering military information
and bringing up to date the geodetic
survey maps of this section, might
complete his work before cold weather
sets in that the three troops, num-
bering about 180 men, of the Second
regiment of the Second cavalry, have
been sent from Fort Ethan Allen, Vt. These troops
had the command of Major W. C.
Rivers and have their headquarters
at Camp Amston, formerly Turnerville.
Their work will take in the territory
from Middletown east to Norwich and
will be completed in about two weeks
when they will start back for their
fort in Vermont. The troops have
three separate camps, one of which
will be moved nearer to Middletown
this week.

This is the first time that work of
the sort now being done by the army
has been done in this section of
the country. The work is of a con-
fidential nature and neither officer
nor men will discuss it in detail. In
the various towns they gather infor-
mation as to the length of the railroad
sidings, the warehouses, facilities, the
buildings in which it would be possi-
ble to quarter troops, the amount of
food for animals which is generally
kept on hand and such other informa-
tion as would be valuable for moving
and furnishing subsistence for large
bodies of men. Work for this kind has
been done this year throughout East-
ern Massachusetts and Connecticut.

WEDDING RECEPTION.

Given in Honor of Marriage of G. E.
Rogers and Miss Dora D. Fish.

A very pretty reception was given at
the home of Mr. Thomas Fish at
Poquitanuck Drawbridge Saturday eve-
ning in honor of the marriage of her
daughter, Dora D. and Gilbert E.
Rogers, November 8. About 150
guests were present to enjoy the eve-
ning, which was passed pleasantly in
the dining hall which was prettily
decorated in red, white and blue.
Chinese lanterns adding to the pleas-
ing effect.

There was a large display of wed-
ding gifts of china, glass, etc.
Guests were present from New York,
New Haven, New London and Nor-
wich.

Norwalk.—Several local physicians
have volunteered their services to the
board of education to act as medical
supervisors of the schools on condition
that a specially trained school nurse
be engaged.

THREE AGREEMENTS UNDER WORKMEN'S COMPENSATION.

For Foot Cut With Axe, Fingers Lac-
erated and Finger Broken.

Three approved workmen's compen-
sation agreements were filed on Mon-
day by Commissioner James J. Dono-
hue at the office of the clerk of the
superior court. They were the fol-
lowing:

New England Bakery of New Lon-
don, employer, and Peter Takalo of 31
Belden street, employee, who on Oc-
tober 5 had the skin in the palm of
his left hand torn and three fingers
badly lacerated by being caught in a
molding machine, compensation \$5 per
week from October 17 during incapaci-
tation.

Connecticut College for Women, em-
ployer, and Frank De Paulus of New
London, employee, who had a compound
fracture of the finger on September 19,
compensation \$5.70 from September 19,
during disability.

Thomas Baudro of Gales Ferry, em-
ployer, and George Garrylo, employee,
who while chopping wood on Aug. 10
had his foot cut when the axe slipped,
compensation \$5.25 per week, begin-
ning on the 10th day following the ac-
cident. Payment is to be made in the
sum of \$17.25 covering three
weeks and two days.

SUES FOR DIVORCE.

Mrs. Dora Sternlieb Brings Petition
Against Louis Sternlieb.

In the superior court in a case re-
turnable on the first Tuesday of De-
cember Mrs. Dora Sternlieb has
brought a suit for divorce from Louis
Sternlieb to whom she was married
on March 7, 1911. Her maiden name
was Bernstein and she asks to be al-
lowed to resume her maiden name and
she also wants the custody of her two
sons, four and two years old. The
suit is brought on two grounds of
complaint, the first intolerable cruelty
since March 7, 1911, the day of the
marriage, and the second that Louis
Sternlieb was sentenced on October
18, 1915 to state prison for the crime
of conspiracy to charge his wife false-
ly with a crime for the purpose of
securing a divorce. Constable George
W. Rouse severed the papers on Mr.
Sternlieb in New London on Satur-
day H. H. Pettie and Shields and
Shields are attorneys for the peti-
tioner.

Another superior court matter, in
which the papers were filed on Mon-
day at the office of the clerk of the
court is the petition of Maurice Alias
Simondson of New London for a
change of name. He represents that
he was baptized under this name but
for some years last past he has used
the name of Wilson and has been
known to his friends and ac-
quaintances by that name. He asks
to have his name changed to Maurice
Simondson Wilson.

Hartford.—Saturday was the 50th
anniversary of the wedding of Mr. and
Mrs. Julius Allaire, celebrated at the
home of their daughter, Mrs. George
A. Dunn, No. 13 Morton street.

NAVY YARD HAS TYPHOID FEVER SCORE

Six Cases in the Village—Cause of In-
fection Not Known.

Dr. A. M. Purdy, health officer of
the town of Groton, made the follow-
ing statement on Monday in regard to
the typhoid situation at the Navy Yard
village:

"The typhoid fever condition at the
Navy Yard is becoming quite serious.
Six cases have already appeared in a
few days. I was there today and
called upon the officers of the naval
station, who assured me that they
were using only distilled water and
that all the men at the submarine
base had received the anti-typhoid
vaccine treatment and were therefore
immune.

"The cause of this disease is not
yet ascertained. It may be the water,
or in my opinion it is more likely
the result of the excessive number
of flies. I called at several houses
and found swarms of flies in every
house, which the occupants treated
with careless indifference. One case
of typhoid fever, even very mild, im-
ported to the place, where the ordi-
nary means for its cure, would be suf-
ficient for flies, acting as intermedi-
ate carriers, to quickly affect the
whole village.

"It may be, of course, in the water,
which is now under process of analy-
sis, and I would strongly advise that
all persons between the ages of 15
and 50 have their physicians adminis-
ter the vaccine treatment. This re-
quires three inoculations, ordinarily 10
days apart, but it could be taken with
eight day intervals. Therefore, after
three weeks, none having been so
treated need fear the disease and the
contagion would die a natural death."

To Keep Straightest, Unruliest Hair in Curl

(Woman's Tribune.)
The straightest, contrary hair can
be kept in curl by such simple and
harmless means as the use of iron
drying, singeing, blistering curling iron
is altogether inexcusable. One need
only use a few ounces of plain liquid
aluminum from the drugist and apply
it to the hair before retiring. The
result will be quite remarkable, as the
looking glass will show in the morn-
ing. The hair will be richly
wavy, fluffy and glossy without being
in the least greasy, gummy or streaked.
The stimulus after dividing the hair
through the hair from crown to tip,
powerfully after dividing the hair
strands. The application seems to
gradually improve the texture and
growth of the hair.

PREPARE FOR WINTER

During the warm days of the
Fall is the best time to do any
repair work, instead of wait-
ing until the cold makes out-
side work difficult.

Have your roof examined to see if they
are tight? Is your heater in
condition to run through the
winter? Is the plumbing sani-
tary and all right for the com-
ing winter?

If not, call or phone and we
will attend to it promptly.

REFRIGERATORS

of the best kinds will be sold
at very low prices rather than
carry them over. Our loss will
be your gain, and it will pay
you to look at them.
